CLEAN RECORD FOR THE SEASON.

Winnsboro won the game with Greenbriar Friday by a score of 7 to 1. The game was in some respects a good one as the score indicates, but it was, on the whole, rather uninteresting, being entirely without the snap, life, and vigor necessary to make it "go." The Greenbrier team was much stronger than it was earlier in the season. and while the locals won out with ease, their opponents held them down

to a comparatively small score. The ball season here closed with the game Friday, and the Winnsboro team comes out of it with a clean record of victories. Not a single defeat has been recorded against the Winnsboro boys. The games have furnished a another year they will doubtless be more liberally patronized. There is an abundance of good material here that can be developed and organized into an exceptionally good amateur

Next season a goodsteam should be put into the field just as soon as the boys come home from college. It should be equipped with v "ms and other necessary parapher. . . and a manager should be appoind who will make arrangements a e outset for a regular schedule of games.

Col. McMaster was married early in Capt. James Macfie, of this county who preceded him to the grave just about one year.

manhood. The deceased leaves a large family hundreds of friends throughout the of this place.

sands of sufferers have proved their

After a long silence I come to the front again. Doubtless but very few people paid much attention to my views on the general character of the weather of May to August, inclusive, which were published with the April forecast in March, 1899. We have paesed through a meteorological phenomena that will be remembered by many. I'll confess that the precipitation of the last half of May and to are indispensible, they keep the was anticipated. The perturbations system in perfect order and are of the past June was in the minimum. As a rule our summer solstice, gencrally, always perturb our atmosphere for sick headache, indigestion, enough to give us plenty of moisture, malaria, torpid liver, constipabut it was an exception to the rule this year. I forecasted that the rainfall to the date mentioned above would Tutt's Liver Pills be more than we will see in several months to come. It has been verified.

July was forecasted to be dry. Scat-
